New Bovey Tracey Town Mayor & Deputy Town Mayor Elected.

At the Annual Meeting of the Town Council held on Monday 14th May, Cllr Anna Klينenberg was elected as the new Town Mayor for Bovey Tracey for the next 12 months. Cllr Martyn Evans was elected as Deputy Town Mayor.

The newly elected Town Mayor, Cllr Klينenberg, thanked councillors for electing her for a second time and it is an honour and privilege to represent such a lovely parish for the next twelve months.

Councillor Resigns

At the same meeting it was announced that Cllr Fernley Holmes has tendered his resignation from the Town Council for personal reasons to take effect immediately. Cllr George Gribble, now the longest serving member on the Town Council paid tribute to the dedicated service that Fernley Holmes had given to the parish, parishioners and town council for over 40 years.

It was announced that the vacancy for this position will advertised in the near future through the local press and the Town Council's website.

Old Thatched Inn – 'Time-Line'

Bovey Tracey Town Council has been preparing an article to provide a 'time-line' for the purchase of the Old Thatched Inn over the past eight weeks. The Town Council apologises it has taken this length of time to prepare, but in order for all the relevant information to be included, there was a need to obtain further information from Teignbridge District Council (TDC).

The final piece of information, the minutes of TDC's Corporate Management Team's meeting on 8th June 2011 regarding the consideration of the issue of a repairs notice for the Old Thatched Inn was received by the Town Council on 12th May 2012. This in turn meant the 'time-line' was only completed late on Monday morning (14th May 2012) but also needed a small amendment prior to being made available to members of the public at the conclusion of the Council Meeting on the same day.

At that meeting the newly elected Town Mayor Cllr Anna Klينenberg highlighted a misconception that the complete demolition of the Old Thatched Inn had been an option. She confirmed that English Heritage has never considered or agreed to, nor will agree to in the future, the total demolition of the building. English Heritage has continued to insist that the three walls adjacent to the road should be retained and be incorporated in the rebuild.

TDC's Property Services Section, which is managing the rebuild project for the Town Council, will now prepare external and internal plans for the building, to incorporate the relocated Bovey Tracey Information Centre, Town Council Offices and a large community space for meetings etc. These plans will also incorporate new public toilets to replace the existing building in Station Road car park. Once these plans are prepared, the Town Council will hold an open event where all parishioners will be invited to view the plans and give their comments.

Residents will be informed of the date of the event through various channels including the Town Council's website (www.boveytracey.gov.uk), the Mid Devon Advertiser and posters advertising the event throughout the parish.

The 'time-line' can now be publically viewed by visiting www.boveytracey.gov.uk and clicking on the PDF link. Alternatively, a paper copy is available for collection from the Town Hall Office. The Town Hall Office is open from 10.30am to 12.30pm, Mondays, Wednesdays and Fridays.

Le Molay-Littry Way Public Consultation Process

On Wednesday 18th April 2012, the Bovey Tracey Town Council (BTTTC) received the report relating to the legalities surrounding the covenant on the land adjacent to Le Molay-Littry Way. The full report can be viewed publicly at <http://www.boveytracey.gov.uk/news.php>.

Alternatively, a paper copy is available for collection from the Town Hall Office which is open from 10.30am to 12.30pm, Mondays, Wednesdays and Fridays.

The Town Council has now committed to a full public consultation with the residents of Bovey Tracey and Heathfield regarding this land. BTTTC is now inviting parishioners of Bovey Tracey and Heathfield to send to the Town Council via email or letter to the Town Council Office, their suggestions and ideas on any possible future use of this land. This period will run from now until 30th June 2012.

These suggestions and ideas will form the basis of the next stage of this consultation process, which will involve a number of public consultation events throughout the parish. These will provide the opportunity for parishioners to view the possible uses for the land that have been submitted and ask any questions they may have. At the same time there will be an opportunity for each household in the parish to complete a questionnaire to allow all parishioners to give their views and opinions privately on any proposed uses of the land. It is planned that this part of the consultation process will take place from 1st to 30th September 2012.

The collation and analysis of returned questionnaires during October will assist in determining the main suggested uses for the land. This information can then be progressed towards holding an informal parish referendum in November 2012 for parishioners to decide their preferred choice for the use of the land. An informal referendum is preferred to a parish poll (which is very restrictive time wise and only allows one question). With a referendum a number of options can be put forward for your consideration and response over a longer period of time.

BTTTC will pay due regard to the outcome of the consultation process and the results of the referendum. This consultation process may highlight other issues relating to finance, legal and environmental factors, which may require further consideration before a final decision can be taken by the Town Council on the future use of this land.

Bovey Tracey Town Council looks forward to receiving your ideas and suggestions. Please include your name and contact details on any correspondence in case there is need to further contact you to clarify anything relating to your suggestions and ideas. These details will remain confidential.
